5.0 Process

ESMS Procedure

ESMS 4.3.3-1 EP_Objectives, Targets and Programs Procedure

5.1 Developing Objectives and Targets:

5.1.1 Environmental objectives and targets shall be developed and documented at relevant functions and levels within the HART.

They will be documented on **ESMS 4.3.3-3 ED, ESMS 4.3.3-3.2 ED and ESMS 4.3.3-3.3 ED_Objectives, Targets & Programs Action Plans 1, 2 and 3.**

5.1.2 Objectives and targets will be consistent with the environmental policy. Objectives must address the commitment to the prevention of pollution.

5.1.3 When establishing the HART's objectives and targets the ESMS Core Team will take into account the:

5.1.3.1 Legal and other requirements, as documented in **ESMS 4.3.2-1 EP_Legal & Other Requirements Procedure.**

5.1.3.2 Significant environmental aspects, as documented in **ESMS-4.3.1-1 EP_Environmental Aspects Procedure.**

5.1.4 When establishing the objectives and targets the ESMS Core Team will also consider:

5.1.4.1 Technological options;

5.1.4.2 Financial, operational and business requirements;

5.1.4.3 Views of interested parties;

5.1.4.4 Environmental Policy;

5.1.4.5 Commitment to continual improvement.

5.1.5 *Objectives* will represent environmental goals and will have an associated quantifiable target that the HART can reasonably be expected to meet.

5.1.6 *Targets* **will** provide quantifiable milestones for measuring the HART's performance against set objectives.

5.2 Developing environmental programs (or action plans):

5.2.1 Environmental programs shall be established that list the specific tasks or means by which to achieve the desired objective and target.

5.2.2 For each objective and target, one or more tasks will provide a step-by-step description of how the objective and target will be achieved.

5.2.3 Environmental programs will be completed and documented in a logical sequence, with objectives, targets and tasks building upon each other to reach the all the identified objectives and targets. The objectives, targets and environmental programs will be documented on the same form as listed in **5.1.1** above.

ESMS Procedure

ESMS 4.3.3-1 EP_Objectives, Targets and Programs Procedure

- 5.2.4 Environmental programs will designate the responsible position or authority for each task listed. Relevant functions and levels of the organization necessary to complete tasks will be addressed.
 - 5.2.5 Environmental programs will include the time frame for completion of each task.
 - 5.2.6 Environmental programs will be developed and maintained by the ESMS Core Team. The ESMS Core Team should use their judgment in developing the tasks so they are practical and realistically obtainable for the HART.
- 5.3 **Implementing and Maintaining the *ESMS 4.3.3-3 ED, ESMS 4.3.3-3.2 ED and ESMS 4.3.3-3.3 ED_Objectives, Targets & Programs Action Plans 1, 2 and 3***
- 5.3.1 The *Start Date* and *Date Fully Completed* will define the overall objective, target and program. The *Date Fully Completed* will indicate that all items are complete and the action plan is closed.
The *Date of Issue* and *Effective until date* will document the periodic updates or annual reviews of the objectives, targets and programs and demonstrates that the items are on-going.
 - 5.3.2 The objective and target action plans will be periodically reviewed and revised and take into consideration legal and other requirements as well as views of interested parties.
 - 5.3.3 The ***ESMS 4.4.5-1 EP_Control of Documents Procedure*** should be reviewed for additional guidelines relating to establishing, documenting and revising the objectives, targets and programs.
 - 5.3.4 As a means of ensuring that the HART is progressing towards satisfying its objectives, targets and programs; and that they are current and reflective of the nature and scale of their operations the ESMS Core Team will review each objective, target and program semi-annually. An *unscheduled* review may be required prior to a *scheduled* review due to changes in processes, operations or the considerations listed in **5.1** above.
 - 5.3.5 A review of the ***ESMS 4.3.3-3 ED, ESMS 4.3.3-3.2 ED and ESMS 4.3.3-3.3 ED_Objectives, Targets & Programs Action Plans 1, 2 and 3*** will include an evaluation toward the progress for achieving the tasks detailed in the **6.0 Programs Plan** section.
